NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 31 December 2010 (in HK Dollars)

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements (the “Interim Financial Statements”) have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and the applicable disclosure requirements set out in Appendix 16 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”).

The Interim Financial Statements have been prepared on historical cost basis except certain investment properties and financial assets, which are measured at fair values, as appropriate.

The accounting policies used in the Interim Financial Statements are consistent with those followed in the preparation of the annual financial statements of the Company and its subsidiaries (the “Group”) for the year ended 30 June 2010.

In the current interim period, the Group has applied, for the first time, the following amendments to the accounting standards and new interpretations issued by the HKICPA.

HKFRSs (Amendments)	Improvements to HKFRSs 2009
HKFRSs (Amendments)	Improvements to HKFRSs 2010
HKFRS 1 (Amendment)	Additional Exemptions for First-time Adopters
HKFRS 1 (Amendment)	Limitation Exemption from Comparative HKFRS 7 Disclosure for First-time Adopters
HKFRS 2 (Amendment)	Group Cash-settled Share-based Payment Transactions
HKAS 32 (Amendment)	Classification of Rights Issues
HK(IFRIC) – Int 19	Extinguishing Financial Liabilities with Equity Instruments

Except for the adoption of amendment to HKAS 17, the adoption of other new and revised HKFRSs has had no material effect on the operating results and presentation of financial statements for the current and prior accounting periods.

The amendments to HKAS 17 “Leases” are effective for the Group with the effect from 1 July 2010. Amendments to HKAS 17 require that the classification of leases is based on the extent to which the risks and rewards incidental to ownership of an asset lie with the lessor or the lessee. In particular, the amendments deleted the specific guidance in the standard which previously required that the land element in a lease is normally classified as an operating lease unless title to the leasehold land is expected to be passed to the lessee by the end of lease term. Under the amended HKAS 17, a leasehold land is classified as a financial lease if the lease transfers substantially all the risks and rewards incidental to ownership of the leasehold land to the lessee.

The amendments to HKAS 17 are required to be applied retrospectively. Comparative information has been restated to reflect this change in accounting policy. The effect of the adoption of this change in accounting policy is a reclassification of the Group’s leases from “Leasehold land” to “Property, plant and equipment” of approximately HK\$14,221,000, HK\$14,229,000 and HK\$14,246,000 as of 31 December 2010, 1 July 2010, 1 July 2009 respectively; and the reclassification of the corresponding “Amortisation of leasehold land” to “Depreciation” of approximately HK\$8,000 and HK\$8,000 for the six months ended 31 December 2010 and 31 December 2009 respectively. This amendment had no impact on the Group’s accumulated deficits and current period’s loss.

Standards, amendment or interpretations issued but not yet effective

The Group has not early applied the following new standards, amendments or interpretations that have been issued but are not yet effective.

HKFRS 1 (Amendments)	Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters ²
HKFRS 7 (Amendment)	Disclosures – Transfers of Financial Assets ²
HKFRS 9	Financial Instruments ⁴
HKAS 12 (Amendments)	Deferred Tax: Recovery of Underlying Assets ³
HKAS 24 (Revised)	Related Party Disclosures ¹
HK(IFRIC) – Int 14 (Amendment)	Prepayments of a Minimum Funding Requirement ¹

¹ *Effective for annual periods beginning on or after 1 January 2011.*

² *Effective for annual periods beginning on or after 1 July 2011.*

³ *Effective for annual periods beginning on or after 1 January 2012.*

⁴ *Effective for annual periods beginning on or after 1 January 2013.*

The directors of the Company anticipate that the application of these new and revised standards, amendments or interpretations will have no material impact on the results and the financial position of the Group.

The interim report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since 2009/10 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information require for full set of consolidated financial statements prepared in accordance with HKFRSs.

2. SEGMENT INFORMATION

The Group has adopted HKFRS 8 “Operating Segments” with effect from 1 July 2009. HKFRS 8 is a disclosure standard that requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (the “CODM”), which is a group of executive directors of the Company, for the purpose of allocating resources to segments and to assessing their performance. In contrast, the predecessor standard (HKAS 14 “Segment Reporting”) required an entity to identify two sets of segments (business and geographical) using a risks and returns approach, with the entity’s “system of internal financial reporting to key management personnel” serving only as the starting point for the identification of such segments. In the past, the Group’s primary reporting format was business segment.

In a manner consistent with the way in which information is reported internally to CODM for the purpose of resources allocation and performance assessment, the Group is currently organised into the following operating segments.

- Film and TV programme production
- Event production
- Artiste and model management
- Music production
- Investment in securities

Accordingly, the application of HKFRS 8 has not resulted in a redesignation of the Group’s reportable segments as compared with the primary reportable segments determined in accordance with HKAS 14, nor has the adoption of HKFRS 8 changed the basis of measurement of segment profit or loss.

Information regarding the Group's reportable segments is presented below. Amounts reported for the prior period have been restated to conform to the current period presentation.

MANAGEMENT DISCUSSION AND ANALYSIS

Results

For the period ended 31 December 2010, the Group recorded a consolidated turnover of approximately HK\$19.6 million, representing a decrease of approximately 46% as compared to approximately HK\$36.2 million for the corresponding period in 2009. Such decrease was mainly due to the fact that less films and TV programmes were released to the market during the period than that of the last corresponding period.

The Group recorded a loss attributable to owners of the Company of approximately HK\$23.2 million for the period as compared to a profit of approximately HK\$98.8 million for the corresponding period in 2009. Such substantial decline in profit is mainly attributable to the absence of an one-off gain of approximately HK\$165.9 million on partial disposal of an associated company, TVB Pay Vision Holdings Limited, which was recorded in the last corresponding period. The loss from operations for the period was decreased to approximately HK\$23.8 million from approximately HK\$56.6 million in previous period. The decrease in loss from operations was mainly due to less write down of film rights (as included in other operating expenses) and less fair value loss in the Group's financial assets were made during the period compared to the last corresponding period. The write down of film rights and change in fair value loss in the Group's financial assets for the period was approximately HK\$10.6 million and approximately HK\$3.3 million respectively compared to approximately HK\$29.0 million and approximately HK\$17.3 million respectively in the corresponding period of last year. Basic and diluted loss per share for the period was HK\$0.02 whilst the basic and diluted earnings per share for the last corresponding period was HK\$0.12 and HK\$0.10 respectively, after adjusting the effect of the share consolidation and rights issues completed in January 2010 and in March 2010 retrospectively.

Investment in securities

During the period, no turnover was noted in the investment in securities operation (2009: Nil). The carrying value of the segment assets of the investment in securities operation outstanding as of 31 December 2010 and 30 June 2010 were approximately HK\$6.2 million and approximately HK\$6.0 million, respectively. The increase in the carrying value mainly represented the subscription of shares of a Hong Kong listed company by way of rights issue amounted to approximately HK\$3.5 million and the change in fair value loss of financial assets at fair value through profit or loss during the period which amounted to approximately HK\$3.3 million.

Geographical Review

During the period under review, the Group’s revenue was mainly derived from Hong Kong and China market which accounted for approximately 90% of the Group’s total turnover.

Future Business Prospects and Plans

The Group has dedicated its efforts in strengthening and opening up distribution channels for its films and TV production in Mainland China. Given the continued opening and expansion of the films and TV production market in Mainland China, we strongly believe that there is a great potential for the distribution of our films and TV production in Mainland China.

We are facing a challenging year ahead with the volatile financial markets and uncertain recovery trends in the world's major economies. We are cautiously optimistic in respect to the prospects of the film and TV production industry in Hong Kong. The Group will be cautious in the selection of stories and scripts for the production of our films and TV programmes. Stringent measures will be adopted in the cost control and risk management for the Group's Films and TV projects.

The Group will continue to explore investment opportunities by selecting new business opportunities carefully with a view to expanding our operations and achieving better returns for our shareholders while minimising risk.

The Group had no material acquisitions nor disposals of subsidiaries and associated companies during the six months ended 31 December 2010.

Completion of the transaction is still subject to the fulfilment of certain conditions. Details of the aforesaid acquisition were set out in the Company's announcement dated 6 January 2011.

In the event that the Group requires additional funds for further development of the Group's existing business/new investments when suitable opportunities arise/repayment of its future financial obligations, the Board will consider to carry out equity fund raising activities and/or dispose of the Group's existing assets.
